• **ESSIAC Lymphatic Drops**

The lymphatic system provides us with immune support and cleanses the body through its vast system of vessels and lymph nodes. The lymphatic system assists the body in fluid balance by removing excess fluid and other waste material from the tissues.

• **Unique Adaptogenic Formula**

This Lymphatic Support Herbal Blend is formulated to assist the lymphatic system by supporting immune function and providing antioxidants. Our Lymphatic Drops help keep your lymphatic system healthy and performing optimally!*

• **Organic Vegan Formula**

Per Serving (1 mL): Proprietary Adaptogen Blend: Organic Astragalus Root, Organic Elderberry Fruit, Organic Whole Plant Sourced Echinacea Purpurea, Wild Crafted Red Root and Organic Ginger Root. Other Ingredients: Palm Kernel Vegetable Glycerin and Purified Water.

- Astragalus reduces swelling and congestion in the lymphatic system. It may also help to support lymphatic circulation by improving blood flow and lymphatic flow.*
- Elderberry is believed to support the immune system by activating and increasing the production of immune cells, including T-cells and natural killer cells, which may help to fight infections and prevent lymphatic congestion.*
- Echinacea is rich in antioxidants, which help to protect the body from free radicals and oxidative stress that can damage cells and tissues.*
- Red Root helps to reduce swelling and congestion in the lymphatic system. It is also believed to have antimicrobial properties that can help to fight infections that may be affecting the lymphatic system.*
- Ginger has properties that can help to reduce swelling and promote lymphatic flow.*
